TEXAS ANIMAL HEALTH COMMISSION
Internal Audit Plan – Fiscal Year 2023 and 2024

MONDAY RUFUS & CO., P.C.
Certified Public Accountants & Advisors
Member: American Institute of Certified Public Accountants

February 07, 2023

Audit Committee
and Commissioners
Texas Animal Health Commission
Austin, Texas

Dear Commissioners:

As required by the Internal Auditing Act (Texas Government Code, Section 2102.008), we have prepared the internal audit plan for fiscal years 2023 and 2024.

We prepared a risk assessment to determine the areas in the Texas Animal Health Commission that should be considered for audit. Based on that risk assessment, the following areas are recommended for internal audit in Fiscal Years 2023 and 2024.

Fiscal year 2023

	<u>Estimated Hours</u>
Laredo Region Office (Laredo, TX)	180
Legal and Compliance	165
Other Internal Audit Activities (Internal Audit Risk Assessment & Audit Plan, Annual Internal Audit Report, & Meetings)	75
Follow-up on Prior Internal Audit Recommendations: Internal Audit of Cash Receipts & Fee Processing, dated August 15, 2022	<u>75</u>
Total Hours	<u>495</u>

Fiscal year 2024

	<u>Estimated Hours</u>
Information Resources	180
Personnel Processes	165
Other Internal Audit Activities (Internal Audit Risk Assessment & Audit Plan, Annual Internal Audit Report, & Meetings)	75
Follow-up on Prior Internal Audit Recommendations: Internal Audit of the Open Record Requests, dated December 7, 2020	<u>75</u>
Total Hours	<u>495</u>

TEXAS ANIMAL HEALTH COMMISSION
Internal Audit Plan – Fiscal Year 2023 and 2024

Your approval of the areas above will enable us to commence audit activities for fiscal years 2023 and 2024.

Sincerely,

Monday N. Rufus, CISA, CPA, Ph.D.
Audit Director
MONDAY RUFUS & CO., P.C., CPAs

TEXAS ANIMAL HEALTH COMMISSION

Internal Audit Plan – Fiscal Year 2023 and 2024

I. Purpose

The purpose of this internal audit plan is to document the development, risk assessment, scope of assignments and implementation timetable for fiscal years 2023 and 2024 internal audit activities. This document will serve as a primary tool to carry out internal audit responsibilities in an efficient manner and prioritize the audit areas based on risk assessments agreed to by the Commissioners of the Texas Animal Health Commission (TAHC). Due to the nature, scope and timing of audit procedures contemplated here, planning for specific aspects of the audits is a continuing process. Accordingly, the plan will be revised as necessary and reviewed at least annually.

This plan has been prepared to meet planning guidelines as required by both generally accepted auditing standards and conforms to the *International Standards for the Professional Practice of Internal Auditing* as determined by the Institute of Internal Auditors, Inc.

II. Background Information

In 1893 the Texas Legislature established the Texas Livestock Sanitary Commission to fight the cattle fever epidemic which threatened to cripple the economic viability of the state's cattle industry. In 1959 the agency was renamed the Texas Animal Health Commission (TAHC). The Legislature has been increasing the agency's animal health responsibilities beyond cattle and today the TAHC's key functions in addressing diseases and parasites in animals and emergency management are:

- Prevention
- Surveillance
- Diagnosis
- Control
- Eradication
- Emergency Management/Homeland Security

The TAHC, as a livestock and poultry health agency, also provides services to key groups which include:

- Private practice veterinarians
- Cattle producers/feeders
- Poultry producers
- Swine producers
- Exotic livestock and fowl producers
- Auction markets,
- Livestock shows and rodeos
- Stakeholders organizations
- Equestrian
- Non-profit response organizations
- Local governments

The TAHC and the United States Department of Agriculture (USDA) work together in a cooperative relationship for most disease surveillance, animal health, and emergency response programs.

TEXAS ANIMAL HEALTH COMMISSION

Internal Audit Plan – Fiscal Year 2023 and 2024

The Texas Animal Health Commission's enabling statutes are in Chapters 161 through 168 of the Texas Agriculture Code, Vernon's Annotated Texas Statutes. The Commission is vested with the responsibility of protecting all domestic and exotic livestock, and domestic and exotic fowl from diseases stated in the statute, or as recognized as maladies by the veterinary profession. The Commission is authorized to act to eradicate or control any disease or agency of transmission for any disease that affects livestock, exotic livestock, domestic fowl, exotic fowl, regardless of whether or not the disease is communicable. In order to carry out these duties and responsibilities, the commission is authorized to control the sale and distribution of all veterinary biologics, except rabies vaccine, regulate the entry of domestic and exotic livestock, and domestic and exotic fowl into the state, and control the movement of livestock.

To carry out its mission, the TAHC is supported by the veterinary community, a competent laboratory system and epidemiology activities which oversee the diagnosis of diseases, and assures appropriate tracing of the movement of exposed and infected animals to determine the origin of infection and minimize the transmission of disease.

Administration of the TAHC's programs is handled at the Austin central office. The TAHC is divided into six "regions", each with a regional office managed by a veterinarian. TAHC and its USDA APHIS Veterinary Services (VS) partners are responsible for ensuring that Texas meets animal disease prevention, surveillance, control, and eradication standards.

Thirteen Commissioners are appointed by the Governor to serve for six-year terms. Representing all segments of the livestock industry and the public, to ensure industry representation by the Commission, one member, qualified by experience, must be from each of the following fields: (1) practitioner of veterinary medicine; (2) dairy industry; (3) cattle industry; (4) hog industry; (5) sheep or goat industry; (6) poultry industry; (7) feed-lot industry; (8) equine industry; (9) livestock marketing industry; and (10) exotic livestock industry. The three remaining members represent the general public. The Governor designates the Chair.

The Commissioners appoint an Executive Director who supervises the TAHC's activities. The Executive Director also serves as the chief veterinarian of the state of Texas and works in concert with the Commissioners, animal producers, and allied industry groups to oversee Texas livestock and poultry regulatory functions to ensure that agency business is conducted in a responsive, cooperative, and transparent manner.

The TAHC's operating budget is prepared and approved by the Commission on an annual basis, whereas the State legislative appropriation request is determined every two years. Both the budget and appropriations are reviewed and approved by the State Legislature. The Agency is divided into two divisions. The two operating divisions are the Animal Health Programs Division and the Administrative Division, all of which report directly to the Executive Director. The Executive Division, which is headed by the Executive Director, is comprised of Legal and Compliance, and Governmental/Industry Relations.

The TAHC is funded by a combination of state general revenue funds, federal funds (USDA), and fee-based revenue. For fiscal years 2022 and 2023, the TAHC has an authorized workforce of 215.2 full-time equivalent employees (FTEs), respectively. The number of TAHC staff is comprised of field

TEXAS ANIMAL HEALTH COMMISSION
Internal Audit Plan – Fiscal Year 2023 and 2024

inspectors, veterinarians, veterinary epidemiologists, emergency management staff, field investigators and administrative staff.

A. Divisional Information

- i. **Administrative**– The Administrative Division is responsible for all support activities for the Agency. It includes the Finance and Procurement Services, Information Technology, Human Resources, Communications, and Staff Services/Fleet Management. The Chief of Staff oversees these functions.

The Financial Services Department manages the budget, accounting, and payroll functions of the Agency. This department is also responsible for financial reporting such as the Annual Financial Report and the Legislative Appropriations Request.

The Information Technology Department supports all hardware and software necessary for the day-to-day activities of the Agency. This Department is also responsible for developing and maintaining the Agency’s network, database, and web site.

The Staff Services Department is responsible for the procurement of goods, mail services, and printing. The Staff Services/Fleet Manager Director also serves as the agency’s Risk Manager. The Communications Director provides information related to the services of the Agency.

- ii **Animal Health Programs** - The Animal Health Division includes the six Region Offices, Authorized Personnel, Emergency Management and the Animal Disease Traceability Program. The Region Offices are located throughout the State: Amarillo; Beeville; Laredo; Rockdale; Stephenville, and Sulphur Springs.

The Region Offices have the responsibility for administering at the local level all disease programs related to the strategies for their respective geographic regions. These offices are headed by Veterinarians (Region Directors) under the direction of the Assistant Executive Director for Animal Health Programs. The Region Offices which are headed by Veterinarians (Region Directors), Emergency Management, and the Staff/Authorized Personnel Program Manager are under the direction of the Assistant Executive Director for Animal Health Programs. The Animal Disease Traceability Program is under the direction of the Deputy Director for Animal Health Programs and Animal Disease Traceability. Animal Disease Traceability is responsible for maintaining disease program statistics and administering various programs including brucellosis certified free herds.

- iii **State Epidemiology** - This Department is responsible for providing epidemiological support to field operations, assists in the diagnosis and classification of animals, and approves deviations from prescribed standards when necessary.

TEXAS ANIMAL HEALTH COMMISSION
Internal Audit Plan – Fiscal Year 2023 and 2024

- iv **Executive** – The Executive Division includes the Office of the Executive Director, Administrative, Legal and Compliance, Animal Health Programs, and State Epidemiology.

The Office of the Executive Director is headed by the Executive Director who is responsible for the day-to-day operation of the Agency. The Executive Director reports to the Commissioners of the Texas Animal Health Commission.

The Legal and Compliance section includes the General Counsel who provides agency legal support and oversight of investigations that follow up on reports of violations of agency regulations and state statutes. This section also compiles statistics regarding compliance actions taken and transportation enforcement efforts. This Department also oversees interstate permit issuance and coordinating verification of these permits and required certificates. These activities also include processing outgoing certificates of veterinary inspection. Program Records staff receive and input information into databases and maintain records necessary to document specific state and federal disease eradicating program activities. Program Records also issues and monitors Texas entry (E-Permits) for domestic and exotic animals and domestic and exotic fowl entering Texas from other states. Program Records is also responsible for maintaining disease program statistics and administering various programs including brucellosis certified free herds. The Director of Compliance oversees these functions.

B. The Agency’s initial appropriation for fiscal years 2022 and 2023 was as follows:

	<u>For the Year Ending</u> <u>August 31, 2022</u>	<u>For the Year Ending</u> <u>August 31, 2023</u>
Salaries and Wages	\$11,006,035	\$11,006,036
Other Personnel Costs	448,696	448,696
Professional Fees and Services	108,013	108,013
Fuels and Lubrications	583,000	623,000
Consumable Supplies	238,278	218,528
Utilities	308,463	302,665
Travel	463,763	484,035
Rent – Building	797,113	891,827
Rent – Machine and Other	77,588	76,188
Other Operating Expenses	1,196,114	978,248
Capital Expenditures	<u>230,000</u>	<u>150,000</u>
 Total Appropriated Budget	 \$15,457,063	 \$15,287,236

TEXAS ANIMAL HEALTH COMMISSION
Internal Audit Plan – Fiscal Year 2023 and 2024

A. Goal: Protecting/Enhance Texas Animal Health	<u>2022</u> \$12,210,318	<u>2023</u> \$12,033,305
B. Indirect Administration	<u>2022</u> \$ 3,246,745	<u>2023</u> \$ 3,253,931
-		
Total Appropriated Budget	\$15,457,063	\$15,287,236

III. Internal Audit Plan Methodology

This section summarizes the methodology used in preparing the internal audit plan. In order to understand the Agency and develop our risk assessment process, we reviewed the Agency's:

- Enabling Legislation
- Strategic plan
- Legislative appropriations request/operating budget
- Prior internal audit reports
- Reports from the State Auditor's Office
- Sunset Commission Report
- Other documents obtained from the Agency

We made inquiries of key personnel of the TAHC. The main purpose of our inquiries was to obtain a generalized overview of how each division fits financially and non-financially into the framework of the Agency. One of the major factors in performing our inquiries, rather than relying solely on the amounts budgeted to each program or function in determining risk assessment, was to identify how much effect one program or function has on another program or function, thereby identifying the total impact that a particular division has on the Agency. These inquiries were standardized to achieve responses to basic questions concerning each division or function. Questions asked related to business objectives, inputs, outputs, systems, critical factors, process activities and business risks and controls. An assessment of the function's risk was also included, based on our inquiries.

In planning internal audit procedures, financial, operational, as well as compliance issues are considered in determining processes/systems of interest. Functional areas that cross many divisions and the interaction between divisions are key criteria in the process of identifying areas of interest. Agency financial reports, planning documents, laws, rules, and regulations, in addition to soliciting input from management, were all considered in developing the list of areas of interest. Upon completion of this list, each area was subjected to our risk analysis process.

TEXAS ANIMAL HEALTH COMMISSION
Internal Audit Plan – Fiscal Year 2023 and 2024

The following Agency processes/systems have been considered during the development of the areas of interest list:

Amarillo Region Office (Amarillo, TX)
Personnel Processes
Budgeting
Cash Receipts and Fee Processing
Information Resources
Emergency Management Process: Policies and Procedures
Cash Disbursements (including payroll)
Legal and Compliance
Communications
Performance Measures Reporting
Federal Funds Management
Field Operations Management
Intergovernmental/Industry Relationships
Sulphur Springs Region Office (Sulphur Springs, TX)
Willacy County Fever Tick Response Office
Stephenville Region Office (Stephenville, TX)
Laredo Region Office (Laredo, TX)
Open Record Requests
Vehicle Fleet Management
Program Records Management:
Fixed Assets (Central Office)
Consumable Supplies Inventory Controls
Beeville Region Office (Beeville, TX)
Giddings Region Office (Giddings, TX)
Texas Authorized Personnel Program

There are numerous other areas that may be identified during the process of performing internal audit procedures during the fiscal year. Continuing input from both the commissioners and management will be essential in identifying additional or new areas of risk that should be considered in the future.

Our risk assessment was performed through the consideration of various factors, including:

1. Exposure Level
2. Complexity of Unit
3. Budgeted Revenues and Expenditures
4. Results of Last Audit
5. Extent of other Coverage or Oversight
6. Quality of Internal Controls/Adherence to Laws
7. Changes in Systems and Processes
8. Normal Audit Interval

TEXAS ANIMAL HEALTH COMMISSION
Internal Audit Plan – Fiscal Year 2023 and 2024

Although all of the above factors were considered in the assessment of risk for each process/system, some of the factors were weighed more heavily and considered to be more critical to the Agency’s internal control structure. The following critical factors were weighted more heavily in our assessment.

- Exposure Level
- Quality of Internal Controls/Adherence to Laws
- Changes in Systems and Processes

The other factors noted are not considered to be as critical to the internal control structure of the Agency. However, all factors were considered in assessing risk and were taken into consideration for each process/system as to their impact on the Agency. Once each area of interest was evaluated, it was assigned a risk factor of high, moderate or low. The following is the result of our risk assessment process.

Processes Identified as High Overall Risk

None

Processes Identified as Moderate Overall Risk

Information Resources
Laredo Region Office (Laredo, TX)
Legal and Compliance
Personnel Processes
Emergency Management Process: Policies and Procedures
Cash Disbursements (including payroll)
Vehicle Fleet Management
Open Record Requests
Cash Receipts and Fee Processing
Consumable Supplies Inventory Controls
Performance Measures Reporting
Fixed Assets (Central Office)
Federal Funds Management
Budgeting
Intergovernmental/Industry Relationships
Program Records Management:
Field Operations Management: Market Contracts, Inspections
Sulphur Springs Region (Sulphur Springs, TX)
Willacy County Fever Tick Response Office
Stephenville Region Office (Stephenville, TX)
Texas Authorized Personnel Program

Processes Identified as Low Overall Risk

Beeville Region Office (Beeville, TX)
Giddings Region Office (Giddings, TX)
Communications
Amarillo Region Office (Amarillo, TX)

TEXAS ANIMAL HEALTH COMMISSION
Internal Audit Plan – Fiscal Year 2023 and 2024

IV. Internal Audit Plan

The internal audit plan is designed to provide a review of all areas considered risky. Although the plan is structured in this manner, it should not prevent the review of areas on a more frequent basis, in the case of future restructuring or development of new processes/systems. Also, special reviews might be added in the future as requested by the Commissioners or when deemed necessary by the internal audit function after performance of in-depth review of the specific divisions/systems.

Internal audit activities will be primarily concerned with documenting, testing and evaluating each division or system’s internal control policies and procedures and the quality of performance in carrying them out. This will include reporting conditions and suggestions to management and evaluating management’s response and plans for corrective actions. Opportunities for improved efficiency identified as a result of performing internal audit activities will be communicated to management and the Commissioners as part of the reporting process.

Internal Audit activities for the fiscal year ending 2023 are planned for the following processes/systems:

	<u>Estimated Hours</u>
Laredo Region Office (Laredo, TX)	180
Legal and Compliance	165
Other Internal Audit Activities (Internal Audit Risk Assessment & Audit Plan, Annual Internal Audit Report, & Meetings)	75
Follow-up on Prior Internal Audit Recommendations: Internal Audit of Cash Receipts & Fee Processing, dated August 15, 2022	<u>75</u>
Total Hours	<u>495</u>

Internal Audit activities for the fiscal year ending 2024 are planned for the following processes/systems:

Information Resources	180
Personnel Processes	165
Other Internal Audit Activities (Internal Audit Risk Assessment & Audit Plan, Annual Internal Audit Report, & Meetings)	75
Follow-up on Prior Internal Audit Recommendations: Internal Audit of the Open Record Requests, dated December 7, 2020	<u>75</u>
Total Hours	<u>495</u>

The audits for fiscal year 2023 and 2024 will take place between March 2023 and September 2023 with final reporting occurring in August 2023 and August 2024, respectively. The above plan does not preclude the internal audit function from identifying and assessing risk relating to new divisions or systems added to the Agency.

TEXAS ANIMAL HEALTH COMMISSION
Internal Audit Plan – Fiscal Year 2023 and 2024

These processes/systems were identified for review through risk assessment methodology. As discussed above, this methodology included surveying key personnel of the Agency, identifying financial and non-financial risks, identifying interaction of divisions amongst each other, identifying rules and regulations the various functions must comply with, identifying the volume of transactions and personnel involved within each function.

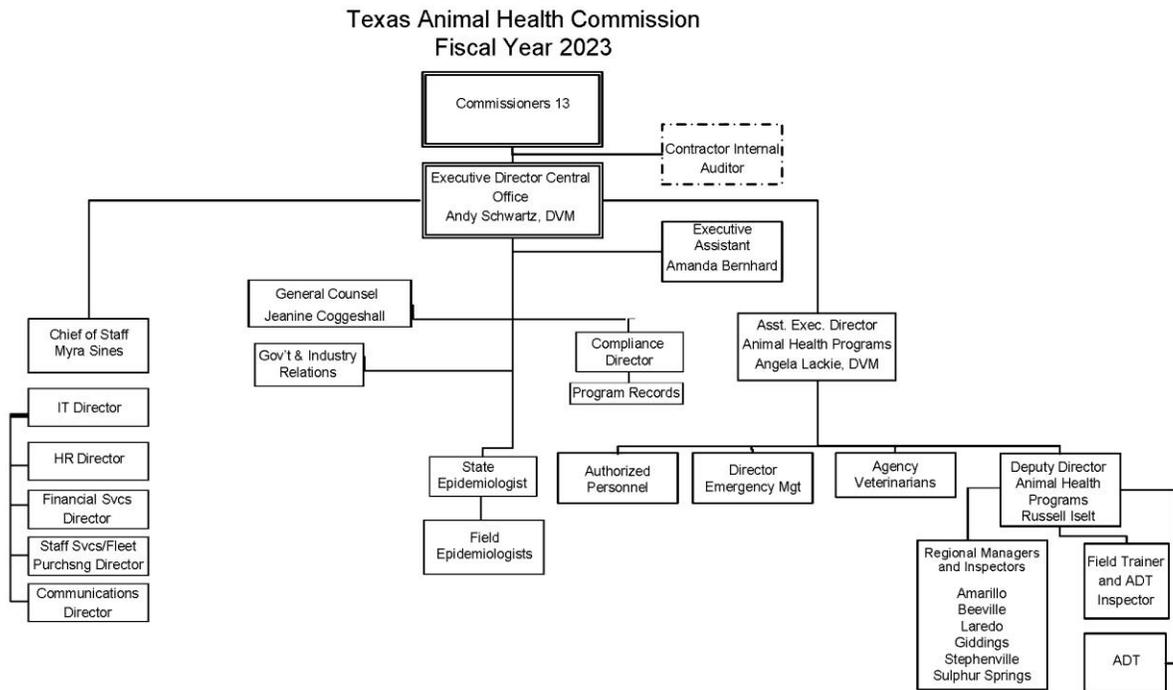

V. Reporting

In compliance with the Texas Internal Auditing Act, the annual internal audit reports will be filed with the Governor, the Legislative Budget Board, and the State Auditor, the Commissioners of the Agency and the Agency's Executive Director by November 1, 2023, and November 1, 2024. The annual internal audit reports will be in the form specified by the State Auditor and will include all relevant items noted in the Texas Internal Auditing Act.
