Job Posting #: 00009875

FLSA Status: Covered

Opening Date: March 18, 2020

Closing Date: **March 31, 2020**

General Description

Routinely performs Tuberculosis (TB) testing, CCT and necropsies for the Amarillo Region. Performs inspections at livestock markets, feedlots, slaughter plants, flea markets, farms and ranches, and at other places where livestock, exotics, and poultry are gathered. Conducts livestock shipment inspection activities, as assigned.

Essential Job Functions

- Performs inspections at livestock markets, feedlots, slaughter plants, flea markets, farms and ranches, and at other locations where livestock, exotics, and poultry are gathered.
- Collects samples for testing from cattle, swine, equine, exotics, sheep, goats and poultry.
- Enforces quarantines and other livestock disease control measures, including livestock shipment activities.
- Performs periodic public education contacts with community media resources and organizations.
- Participates in emergency management activities and responses to disease outbreaks as assigned.
- Maintains accurate and detailed work activity records.
- Drives extensively on a daily basis, using personal or agency vehicle.
- Performs other related duties as assigned.

Minimum Qualification:

Education and Experience: Graduation from standard senior high school or GED +:

- Inspector II – Must have general experience working with livestock;
- Inspector III – Must have at least one year of livestock experience working as a TAHC Livestock Inspector or USDA Animal Health Technician.

- Inspector IV – Must have at least three years of livestock experience working as a TAHC Livestock Inspector or USDA Animal Health Technician.

Note: *This is a career ladder position. Unless a previous TAHC Inspector, newly hired inspectors will come in at the Inspector II classification and pay.*

Knowledge, Skills and Abilities: Ability to safely handle livestock; to acquire knowledge of the laws and regulations governing livestock markets, brucellosis, and other regulatory programs and to apply regulations to work activities. Must be able to establish and maintain effective working relationships with livestock producers, market owners/operators, local area emergency management coordinators, coworkers, and others involved in animal agriculture. Skilled in keeping detailed written records. Must have or be able to acquire skills in operating a laptop computer, hand-held data collection device, global positioning system (GPS), and other equipment necessary to perform job duties. Must have effective oral and written communication skills; legible handwriting; and, ability to follow oral and written instructions. Ability to travel extensively (some overnight) and to work occasional overtime as required. Regular days off fluctuate depending upon workload.

Physical Requirements: Must have arm, hand, shoulder and back strength and dexterity to be able to handle and inspect harvested deer and exotic hoofstock, including all species of deer, elk, and exotic antelope. Must be able to lift up to 50 pounds.

The TAHC is an emergency response agency. The Livestock Inspector position plays a key role in the agency's emergency management activities. As a first responder, this position is subject to participate in rotating temporary duty assignments away from the regular designated headquarters for up to two weeks at a time. This duty may involve working in adverse conditions; may require irregular working hours and overtime; and, may include duties other than those specified in the standard position description.

Other: Must have valid Texas driver's license and safe driving record. Employment of the selected candidate is contingent upon the receipt of an acceptable Moving Violation Record (MVR) from the Texas Department of Public Safety.

Must have reliable transportation. Mileage reimbursed at the state mandated rate.

NOTE: TAHC Animal Health Inspectors cannot have personal involvement with livestock or poultry/fowl to the extent that it creates an actual or perceived conflict of interest in executing regulatory enforcement duties or in any way restricts ability to carry out disease program activities.

How to Apply:

To submit your application for employment, follow the link provide below, then select Apply Online. Create and/or Login to your on-line applicant profile and electronically submit your State of Texas Application for Employment.

All applications must contain complete job histories, which includes job title, dates of employment, name of employer, supervisor's name and phone number and a description of duties performed. If this information is not submitted, your application may be rejected because it is incomplete. Resumes do not take the place of this required information.
