TAHC Welcomes Dr. Angela Daniels as Assistant Executive Director of Animal Programs

AUSTIN – The Texas Animal Health Commission (TAHC) is pleased to announce the new Assistant Executive Director of Animal Health Programs, Dr. Angela Daniels.

Daniels was born and raised in Southeast Iowa on a diversified farm where her family raised beef cattle, hogs, corn and soybeans. She graduated from Iowa State University with a Bachelor of Science degree in Dairy and Animal Science followed by a Doctor of Veterinary Medicine degree. Upon graduation, Dr. Daniels accepted a position with Dr. C.J. Johans Dairy Production Medicine.

Daniels and her family soon made their way to the Texas Panhandle where she began work for Dalhart Animal Hospital before accepting a staff veterinarian position with Seaboard Farms, Inc. After three years in the swine industry she returned to work in the dairy field with Dalhart Animal Hospital. In 2004, she and Dr. C. Scanlon Daniels founded Circle H Headquarters, LLC, where she provided a wide variety of services related to animal and food production.

Dr. Daniels is a proud mother to four sons – Eric, Luke, Judd and Dirk. In her spare time she enjoys cooking, boating, traveling and playing golf.

“I am proud to welcome Dr. Daniels to the TAHC family,” said Dr. Andy Schwartz, Executive Director. “Her experience and background sets her apart and we believe she will be an invaluable asset to the agency.”
