

The background of the slide features a large, faint seal of the State of Texas on the left side. The seal is circular with a five-pointed star in the center, surrounded by a wreath. The words "STATE OF TEXAS" are inscribed around the perimeter of the seal.

Texas Authorized Personnel Program (TAPP) – Module 1

- *TAHC/TAPP Overview*
- *Certificates of Veterinary Inspection (CVIs)*
- *Animal Disease Traceability (ADT)*

TEXAS ANIMAL HEALTH COMMISSION
Proudly Serving Texas Animal Agriculture
Since 1893

TEXAS
ANIMAL HEALTH
COMMISSION

What is the Texas Authorized Personnel Program (TAPP)?

- The Texas Authorized Personnel Program (TAPP) is Texas' state-specific authorization program for all veterinarians in Texas who perform regulatory work on livestock, equine, poultry, or exotics of these species
- Veterinarians performing regulatory work, including testing, vaccinating, and issuing CVIs, on these species must first be authorized by the Texas Animal Health Commission
- Texas Agriculture Code (TAC) §161.0417:
 - *Veterinarians must be "Authorized" by the Commission in order to engage in an activity that is part of a state or federal disease control or eradication program for animals.*

TEXAS
ANIMAL HEALTH
COMMISSION

TAPP Modules

- Module 1 – TAHC/TAPP Overview, CVI's, and Animal Disease Traceability (ADT)
- Module 2 – Brucellosis, Bovine Tuberculosis, Trichomoniasis, and Scabies and Mange
- Module 3 – Transmissible Spongiform Encephalopathies (TSEs), Fever Ticks, and Foreign Animal Disease (FADs)
- Module 4 – Swine and Equine Diseases

TEXAS
ANIMAL HEALTH
COMMISSION

TAPP Continuing Education (CE) Opportunities

- Bovine Trichomoniasis Certification
 - 90 minutes = 1.5 CE credit hours
 - Five-year certification
 - Webinars held monthly
- CWD Antemortem Certification
 - 60 minutes = 1.0 CE credit hours
 - Three-year certification
 - Webinars held bimonthly
- Register to attend Trich/CWD webinar on TAHC website

The screenshot shows the registration page for the Texas Animal Health Commission (TAHC). At the top, there is a search bar labeled "Search TAHC for..." and a navigation menu with links: Animal Health, Veterinary Information, Animal Movement, Statutes & Rules, Disaster Resources, Media, and Agency Information. The form fields include:

- Name:** Firstname Lastname
- Phone #:** 111-111-1111
- NAN:** Your USDA Accreditation number
- Email:** example@example.com
- Choose a program:** CWD (selected), Trichomoniasis
- Available CWD Dates:** A dropdown menu.
- Prove You're Human, Enter the Captcha Text:** A captcha image showing the text "LEWZQH" with a refresh button.
- Submit:** A blue button at the bottom.

TAHC Overview

TEXAS ANIMAL HEALTH COMMISSION
Proudly Serving Texas Animal Agriculture
Since 1893

TEXAS
ANIMAL HEALTH
COMMISSION

Role of the Texas Animal Health Commission (TAHC)

- Protect health and marketability of all Texas livestock and poultry
 - Cattle, swine, poultry, sheep, goats, equine family animals, exotic livestock
- Manage domestic program disease surveillance and eradication in Texas
- Respond to reports of foreign animal disease suspect(s) in Texas
- Manage the TAHC Authorized Personnel Program

TEXAS
ANIMAL HEALTH
COMMISSION

Role of TAHC

- TAHC is the state agency with legislative authority to pass rules related to livestock and poultry health in Texas
 - Animal Health Assurance
 - Disease Control, Eradication
 - Prevent Production Losses
 - Maintain Trade Avenues
 - Animal Response in Disasters

TEXAS
ANIMAL HEALTH
COMMISSION

TAHC Commissioners

- 13 governor-appointed commissioners
- Represent the general public and various livestock industries and professions
- Serve six-year staggered terms
- Study the regulatory needs of the agency, review public comments on proposed regulation changes, and adopt rules as necessary

Chairman Coleman Locke
Beef Cattle Representative

TEXAS
ANIMAL HEALTH
COMMISSION

TAHC Leadership

- Dr. Bud Dinges, Executive Director and State Veterinarian
- Dr. Thomas R. "TR" Lansford III, Deputy Executive Director and Assistant State Veterinarian
- Dr. Jessie Monday, State Epidemiologist

TEXAS
ANIMAL HEALTH
COMMISSION

TAHC Region Offices

Amarillo Region

Region Director, Vacant

TEXAS
ANIMAL HEALTH
COMMISSION

TAHC Personnel

- Veterinarians
- Inspectors
- Legal & Compliance
- Communications/Public Relations
- Emergency Management
- Animal Disease Traceability
- Entry Requirements/Permits
- Certification Programs
- Human Resources, Financial Services, IT, Support Staff

TEXAS
ANIMAL HEALTH
COMMISSION

TAHC Personnel

- Conduct field inspections
- Inspection of livestock markets
- Interact with producers and veterinarians
- Livestock/Poultry/Exotic Inspection Stations
 - Ensuring compliance with laws and regulations
- Respond to animal health emergencies as well as natural disasters involving livestock

TEXAS
ANIMAL HEALTH
COMMISSION

TAHC Veterinarians & Epidemiologists

- Executive and Region Directors, Field Veterinarians, State Epidemiologist, and Field Epidemiologists
 - Testing
 - Diagnostics
 - Educate producers
 - Examine herds & flocks
 - Identify risks
 - Certify disease status/prevalence
 - Report to USDA, SAHOs, & OIE

TEXAS
ANIMAL HEALTH
COMMISSION

TAHC Livestock Inspectors

- Monitor and Inspect:
 - Livestock markets
 - Feedlots
 - Slaughter plants
 - Test for diseases on local ranches, dairies, poultry facilities, and other livestock operations
- Diagnostic sample collections
- Inspect regulated facilities like waste feeders and backyard poultry facilities

TEXAS
ANIMAL HEALTH
COMMISSION

Livestock Shipment Inspection

- TAHC Investigators conduct routine roadside inspections to ensure compliance with Texas livestock entry requirements

TEXAS
ANIMAL HEALTH
COMMISSION

Livestock Shipment Inspection

TEXAS
ANIMAL HEALTH
COMMISSION

TAHC Emergency Response

- Lead agency for detection, control, and eradication of program and foreign animal disease outbreaks through planning and response
- Respond to animal health emergencies as well as natural disasters involving animals

TEXAS
ANIMAL HEALTH
COMMISSION

Disease Programs Enforced by TAHC

- Brucellosis ("Bangs")
- Tuberculosis ("TB")
- Trichomoniasis ("Trich")
- Equine Infectious Anemia ("EIA")
- Equine Piroplasmosis ("Piro")
- Scrapie
- Pseudorabies (feral swine interface)
- Swine brucellosis (feral swine interface)
- Chronic Wasting Disease ("CWD")
- Fever Ticks
- Emerging and foreign animal diseases

TEXAS
ANIMAL HEALTH
COMMISSION

Working Group Concept

- Commissioners lead Working Groups that derive draft rules for TAHC consideration
- Past and present working groups:
 - Trichomoniasis
 - Animal Disease Traceability
 - Vet Authorized Personnel
 - Cervid Health
 - Cattle Fever Tick
 - Feral Swine
 - Fees
 - Piroplasmosis

TEXAS
ANIMAL HEALTH
COMMISSION

TAHC Reporting Number: **1-800-550-8242**

- To report a suspected or confirmed case of a reportable disease
- 24 hours a day, 7 days a week

TEXAS
ANIMAL HEALTH
COMMISSION

TAHC Website Resource

- <http://www.tahc.texas.gov>
- Social Media Links
- Veterinary Resources
- Disease Info

Our mission is:

- to protect the animal industry from, and/or mitigate the effects of domestic, foreign and emerging diseases;
- to increase the marketability of Texas livestock commodities at the state, national and international level;
- to promote and ensure animal health and productivity;
- to protect human health from animal diseases and conditions that are transmissible to people; and,
- to prepare for and respond to emergency situations involving animals by conducting agency business in a responsive, cooperative and transparent manner.

TEXAS
ANIMAL HEALTH
COMMISSION

Price

- A \$7 fee incurs for all CVIs written by a Texas veterinarian
 - Texas Animal Health Commission Rule **§33.2**
 - (b) The commission will assess a fee of \$7.00 for each CVI
 - Third party vendors may include this fee in their prices and provide it to the commission, or it will be directly billed to the veterinarian

TEXAS
ANIMAL HEALTH
COMMISSION

Transition to Electronic CVI (eCVI)

- Starting January 1, 2026, TAHC began transitioning to only accepting and sending electronic CVIs
 - **IMPORT:**
 - **January 1, 2026:** Texas requires **ALL** import CVIs to be electronic
 - **EXPORT:**
 - **June 1, 2026:** Texas no longer sells paper CVIs for use by Texas veterinarians
 - **EXPORT:**
 - **January 1, 2027:** Texas requires all intrastate and interstate CVIs issued by Texas veterinarians to be electronic

TEXAS
ANIMAL HEALTH
COMMISSION

Benefits of eCVIs

- Instantly submits to sending and receiving state's offices
 - Veterinarians/clinic staff no longer required to physically mail certificates to TAHC office
- Helps reduce transcription errors by state animal health offices
- Increases processing speed by state animal health offices
- Improves animal disease traceability by allowing states to immediately access individual animal movement data
- Enhances states' ability to respond to infectious disease outbreaks, such as FMD and NWS

TEXAS
ANIMAL HEALTH
COMMISSION

Tips

- Check with destination state for current entry requirements
 - State's entry requirements can change over time
 - Some states have very specific requirements for certain species/scenarios
 - Ex: Breeding animals, swine fed raw garbage
- Always use official ID
- Always use full physical addresses
- Call TAHC if you are unsure—we are here to help!

Certificates of Veterinary Inspection

Texas is going electronic!

The Texas Animal Health Commission (TAHC) will begin to phase out the sale and acceptance of paper certificates of veterinary inspection (CVIs) according to the timeline below.

- **January 1, 2026:** TAHC will no longer accept paper CVIs for imports. TAHC will require all import CVIs, for [interstate movement into Texas](#), to be electronic.
- **February 1, 2026:** TAHC will no longer offer online ordering of paper CVIs.
- **June 1, 2026:** TAHC will no longer offer paper CVIs for purchase.
- **January 1, 2027:** TAHC will no longer accept paper CVIs for imports or exports. TAHC will require all interstate and intrastate CVIs to be electronic.

Important: To purchase Certificates of Veterinary Inspection, veterinarians must provide a valid Texas license number and an active Category II accreditation number. To check your accreditation status, please contact a USDA Accreditation Coordinator at 512-383-2404 or d4txnvap@usda.gov.

Ordering Options

TAHC Electronic CVIs

- Create a TAHC eCVI account and order on the [TAHC eCVI web application](#).
- TAHC eCVIs must be purchased one at a time.
- TAHC eCVIs must be completed at the time of purchase.
- TAHC eCVI price is \$7 + a **non-refundable** Texas.gov convenience fee that covers payment processing and the maintenance of the Texas.Gov infrastructure.
- Payment accepted: credit card.

ANIMAL HEALTH
COMMISSION

Entry Requirements

- Entry requirements vary by state and by event
 - Make sure all entry requirements are met for the shipment
- Intrastate
 - Shows and events will have a list of requirements for different species
 - Call or check show website before issuing CVI
- Interstate
 - Call destination state or visit their website to find up-to-date entry requirements
 - If an entry permit number is required by destination state, call state office and request one
- Resource for state entry requirements:
 - www.interstatelivestock.com

TEXAS
ANIMAL HEALTH
COMMISSION

Companion/Small Animal CVI's

- The same platforms can be used to issue CVIs for companion animals
- TAHC does **NOT** regulate the movement of any small/companion animals

TEXAS
ANIMAL HEALTH
COMMISSION

Costly CVI Mistakes... A Friendly Reminder

- DO NOT issue CVI without personally examining animal(s)
- DO NOT split blood samples (fraudulent)
- DO NOT ship animals with pending test results
- Do NOT let vet techs/clinic staff examine animals or issue certificates on your behalf

These are illegal actions.
Is risking your license, accreditation,
authorization, and reputation really worth it?

National & State Animal Disease Traceability (ADT) Program

U.S. DEPARTMENT OF AGRICULTURE
Animal and Plant Health Inspection
Service-Veterinary Services

TEXAS ANIMAL HEALTH COMMISSION
Proudly Serving Texas Animal Agriculture
Since 1893

TEXAS
ANIMAL HEALTH
COMMISSION

Animal Disease Traceability (ADT)

- Knowing where and when diseased and at-risk animals are or have been
 - Important to ensure a rapid response when animal disease events take place
 - An efficient and accurate traceability system reduces the number of animals and response time involved in a disease investigation
 - Does not *prevent* disease
 - Reduces the economic impact

TEXAS
ANIMAL HEALTH
COMMISSION

National/State Animal Disease Traceability Program

- Cooperative program that is jointly funded and administered by the USDA Animal Plant Health Inspection Service (APHIS) and the Texas Animal Health Commission
- Enhances ability to limit impacts of animal disease outbreaks to certain regions
 - Key to maintaining foreign markets
 - Readily prove disease-free status in non-affected regions of the U.S.
 - Ability to request foreign trading partners recognize disease-free regions or zones instead of cutting off trade for the entire country
 - Facilitate reestablishment of foreign and domestic market access with minimum delay in the wake of an animal disease event

TEXAS
ANIMAL HEALTH
COMMISSION

Why Regulate Animal Movement?

- Limit disease spread
- Provide records of movement for enhanced tracing
- Protect export markets
- Open new emerging markets

TEXAS
ANIMAL HEALTH
COMMISSION

USDA (Federal) Rule

- Only affects livestock moving interstate
- Directs state & industry to develop process
- Requires traceability standards for states which will be tested
- Requires a Certificate of Veterinary Inspection (CVI)
- CVI submission time for interstate movement is 7 days
- Requires permanent official ID on most classes of animals

TEXAS
ANIMAL HEALTH
COMMISSION

USDA (Federal) Official ID Rules

- Cattle may move to an approved tagging facility
- Markets can be designated as an approved tag facility
- Affects adult beef cattle (separate rule for feeders)
- All classes of dairy cattle must have official ID prior to movement from premise of origin
- Cattle and bison of any age used for rodeo or recreational events must have official ID
- Cattle of any age used for shows or exhibitions must have official ID

TEXAS
ANIMAL HEALTH
COMMISSION

USDA (Federal) Official ID Rules

- Exemptions
 - Animals can move from premise to slaughter without ID
 - Animals can move from premise to *market or tagging center without ID
 - Animals can move from premise to *market or slaughter without a CVI
- * Interstate shipments can move to a federally licensed market, but not to a state licensed market without ID and CVI

TEXAS
ANIMAL HEALTH
COMMISSION

Cattle Official Identification

- Individual official ID is required to move across state lines for breeding cattle that are 18 months and older, plus all dairy and exhibition cattle
 - Current USDA rule requires official ID/ear tags to be visually and electronically readable for **interstate** movement
 - Current TAHC rule requires official ID/ear tags to be permanent and visually readable for **intrastate** movement
 - TAHC ADT department promoting and providing no-cost RFID tag distribution to cattle producers and accredited veterinarians across the state
 - Official ID use for regulatory testing in Texas
 - Trichomoniasis, brucellosis, tuberculosis

TEXAS
ANIMAL HEALTH
COMMISSION

Cattle Official Identification

TEXAS
ANIMAL HEALTH
COMMISSION

Acceptable Forms of Official ID

- "840" series RFID Tags
 - USDA Metal Tags
 - USDA Calfhood Vaccination Tags
 - USDA Scrapie Program serial and flock ID tags
 - Registered tattoos and firebrands (with registration papers)
-
- Complete list: [TAHC website](https://www.tahc.texas.gov/)

TEXAS
ANIMAL HEALTH
COMMISSION

Sheep and Goat Official Identification

- **ALL** sheep and goats must have official ID when moving off their premises of origin, unless they are one of the following:
 - Sheep and goats moving with a group ID and owner/hauler statement, which includes:
 - Sheep and goats under 18 months of age in slaughter channels
 - Sheep and goats of any age shipped directly to a slaughter establishment that has agreed to act as an agent for the owner to apply official I.D. All the animals in a section of a truck must be from the same flock of origin
 - Sheep or goats that are castrated and under 18 months

TEXAS
ANIMAL HEALTH
COMMISSION

Swine Official Identification

- Official identification (ID)
 - Swine must be identified for interstate movement, sale, transport at the first instance listed below:
 - The point of first commingling of the swine in interstate commerce with swine from any other source;
 - Upon unloading of the swine in interstate commerce at any livestock market;
 - Upon transfer of ownership of the swine in interstate commerce; or
 - Upon arrival of the swine in interstate commerce at their final destination.
 - Depending upon the type of animal and purpose, approved swine official ID may include:
 - Official identification ear tag approved by TAHC or USDA;
 - Ear notching, if the ear notching has been recorded in the book of record of a purebred registry association; or
 - Tattoos on the ear or inner flank, if the tattoos have been recorded in the book of record of a swine registry association

TEXAS
ANIMAL HEALTH
COMMISSION

Official RFID Tags

- Authorized veterinarians can order RFID tags at no cost
- To place your order, contact the TAHC ADT Department
 - 512-719-0733
 - animal_id@tahc.texas.gov

TEXAS ANIMAL HEALTH COMMISSION

[Animal Health](#) [Veterinary Information](#) [Animal Movement](#) [Statutes & Rules](#) [Disaster Resources](#) [Media](#) [Agency Information](#)

Animal Disease Traceability (ADT)

[Premises, Location & Flock Registration](#)
[Official Identification](#)
[No-Cost RFID Program](#)
[Submit ADT Questions](#)

Animal Disease Traceability (ADT) is a cooperative program that is jointly funded and administered by the United States Department of Agriculture (USDA) and the Texas Animal Health Commission (TAHC).

ADT is knowing where and when diseased and at-risk animals are or have been. It is important to ensure a rapid response when animal disease events take place. Although ADT does not prevent disease, an efficient and accurate traceability system reduces the number of animals and response time involved in a disease investigation, which reduces the economic impact on owners and affected communities.

TEXAS
ANIMAL HEALTH
COMMISSION

Approved Tagging Facility

- To be approved as a tagging site, the person responsible for the tagging site must agree to administer the tagging of livestock at their location in accordance with the following requirements:
 - Obtain official identification ear tags only as directed by the commission
 - Unload animals requiring official identification only when the owner or the person in possession, care, or control of the animals agrees to have the animals officially identified in accordance with approved tagging site protocols

TEXAS
ANIMAL HEALTH
COMMISSION

Veterinarian Responsibility for ADT

- Veterinarians are required to keep records when applying tags to comply with interstate or intrastate rules
 - Basic Concepts:
 - Use acceptable ID
 - Record owner information
 - Keep records for 5 years
